# Strategic agenda 2017

## Strategic focus

1

Organic growth

- **Extension of the scope for action** regarding future investments through altered group structure
- **Strengthening of the university segment in the private client business** through focus on core topics for young clients and consultants

- Further broadening of revenue basis: primarily through further expansion of wealth management and non-life insurance business
- Continued implementation of digitalisation strategy: in particular extension of digital information and service offers

2

Inorganic growth

- MLP Group open to acquisitions in two areas:
  - In the market segment of FERI and DOMCURA
  - In MLP's private client business

3

Continued Cost management

- Structural reduction of cost base initiated in 2016 – ongoing efficiency management programme

## Implementation

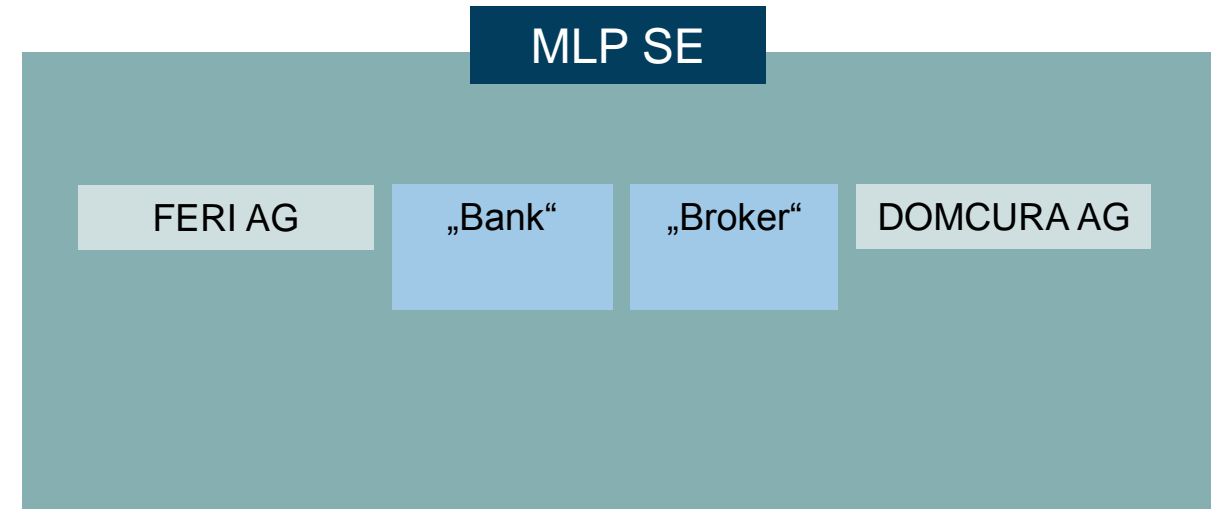

Making MLP more independent of short-term market influences and returning it to a significantly increased profit level

# Banking activities with supervisory or regulatory relevance to be bundled at one company in the future

## Current structure

## Intended structure as of 2018

- Current scope of services for clients will be maintained
- Better opportunities for strategic collaborations

# Scope for action significantly extended through new group structure

## Effects on equity

→ Further strengthening of the business model

→ Scope for investments and acquisitions

# Private client business – strengthening the university segment

## Number of academics in active employment

- Increasing potential for MLP in the university segment
- Measures of the last few years are having an impact, particularly the introduction of a training allowance for new consultants
- Sharper focus, among other things by introducing a dedicated divisional board member for the university segment
- Objectives: To further increase presence and gain new clients and consultants more quickly

# Summary

- MLP increased important key performance indicators in 2016. In light of market conditions that remained difficult, this development can be seen as satisfactory.
- Especially in old-age provision the **market environment** remains **challenging** – furthermore political uncertainties in health insurance
- With the change of the group structure and further strengthening of the university segment, MLP is pressing ahead in 2017. **Measures running according to plan.**
- **Forecast confirmed:** As announced Operating EBIT should reach at least € 45 million
